

Pneumatic Quick Release Couplings

P21 Series Water Fed Pole System Coupler

Features

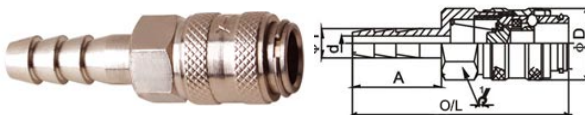

- Standard: Water Fed Pole System Coupling
- Sizes: 1/8" to 1/4" & 6mm to 8mm hosetail
- Nominal flow diameter: 3.8 mm
- Brass
- NBR sealing
- Corrosion resistant - Nickel Plated
- Working pressure 1.0 Mpa
- Interchange: Rectus 21 Series - PCL Mini
